

GREATER THINGS

PART 2: Wireless Connection

INTRODUCTION

All that we need in life and all that we need to achieve greater things is in God. He is our source of unlimited power, strength, healing, wisdom, love and all things we need to live life to the full. There's no question about His great love for us and His heart to help us and empower us to be the best person that we can be. The question is, "How's your connection with God?" We need a good *wireless connection* with the Father so that we will have full access to all His power.

MOVING FORWARD

Jesus paved the way for us so that we could enjoy the same *wireless connection* that He had with the Father. He made it possible for the rest of us to connect with God the Father and be able to do the things He also did. Continue to cultivate your connection with God through Jesus and keep communicating with Him. If you want greater things this year then connect to the very heart of the Father.
